

# Global Enterprise & Data Architecture 2025

27-28 NOVEMBER  
2025

Amsterdam/Netherlands

## Confirmed Speakers:

**Pheline Binz**  
Director Enterprise Architecture

Aareal Bank AG,  
Germany

**Paul van der Merwe**  
Head of Enterprise Architecture

Standard Bank  
Group, South Africa

**Dizem Ozalp Sari**  
Data, Analytics & Digital  
Transformation

BNP Paribas, UK

**Senthil Loganathan**  
Global Head, Cloud Platform &  
Chief Architect

Standard Chartered,  
Singapore

**Sumit Jha**  
Leading Data Domain Architecture  
for Central Data Office (CDO)

ABN Amro, Netherlands

**TBC**  
**Mohamed Hisham**  
Head of Cyber Security Assurance

ADCB-Egypt,  
Egypt

**Paul Francis Walvik-Joynt**  
Global Executive - Board Member -  
SVP Real-Time Payments

Mastercard, Norway

**TBC**  
**Bahaa Farouk**  
Chief Digital & AI Officer

Suez Canal Bank, Egypt

**Murat Erder**  
Head of Business Architecture  
Framework

Deutsche Bank, UK

**David Bagge**  
Managing Director, Chief Enterprise  
Architect, Strategy and Architecture

HSBC

**Vijay Chowdhury**  
Lead Enterprise Architect

Bank of England, UK

**Chintan Dedhia**  
Solutions Architect

Rabobank, Netherlands

**Giacomo Agnelli**  
Customer Journey Specialist

Société Générale, France

**Christian Siegers**  
Lead Architect | Data & AI |  
Enterprise & Solutions Architecture

KPMG, Netherlands

**Mozes Rahangmetan**  
Enterprise Architect ABN AMRO  
Chief Architect & Data Management

ABN Amro, Netherlands

# DAY 1

THURSDAY 27TH NOVEMBER

08:55 Opening Words from a Chairperson

09:00 Business Capability Modeling and Portfolio Rationalization in a world of Hypes

- Mapping data capabilities to technology assets to drive transparency and alignment between stakeholders
- Identifying duplication and inefficiencies across complex enterprise portfolios
- Supporting investment decisions through capability-based assessments
- How hard could it be saying NO ? Other challenges of data capability management.

Dizem Ozalp Sari  
Data, Analytics & Digital Transformation  
BNP Paribas, UK

9.40 Artificial Intelligence and Machine Learning in Enterprise Architecture

- Building data infrastructure that supports scalable AI and machine learning capabilities
- Applying AI in areas such as fraud prevention, predictive analytics, and operational automation
- Ensuring ethical, explainable, and regulation-compliant deployment of intelligent systems
- Positioning architects to evaluate and integrate AI solutions strategically within the enterprise

Christian Siegers  
Lead Architect | Data & AI | Enterprise & Solutions  
Architecture  
KPMG, Netherlands

10:20 Break Time and Networking Session

11:00 AI for EA - using AI to perform EA

- How does AI impact on the role of EA?
- How can EA use AI to be more effective in delivering value to the organisation?
- Examples of how Standard Bank enterprise architects use AI in their daily roles

Paul van der Merwe  
Head of Enterprise Architecture  
Standard Bank Group, South Africa

11:40 Security-Centric Enterprise Architecture and Cyber Resilience

- Applying Zero Trust principles to strengthen architectural security postures
- Architecting systems to comply with frameworks such as the Digital Operational Resilience Act (DORA)
- Embedding cybersecurity design throughout application, data, and infrastructure layers
- Supporting rapid threat detection, containment, and recovery via resilient architectural patterns

Sumit Jha  
Leading Data Domain Architecture for Central Data  
Office (CDO)  
ABN Amro, Netherlands

12:20 Lunch Break

## Enterprise Architecture Conference 2025

Amsterdam/Netherlands

13:30 Real-Time Payments and CBDC-Ready Architectural Design

- Designing architectures that support instant payment processing and clearing
- Preparing infrastructure for central bank digital currency (CBDC) integration and experimentation
- Ensuring interoperability between traditional and digital financial systems
- Maintaining security and latency standards for next-generation transaction models

Paul Francis Walvik-Joynt  
Global Executive - Board Member - SVP Real-Time Payments  
Mastercard, Norway

14:10 Governance Models and Frameworks for Modern Enterprise Architecture

- Comparing leading frameworks such as TOGAF, ArchiMate, and Zachman for real-world application
- Establishing effective architecture governance councils and decision-making workflows
- Aligning frameworks with enterprise priorities, compliance, and delivery models
- Evaluating fit-for-purpose approaches across decentralized and federated environments

David Bagge  
Managing Director, Chief Enterprise Architect,  
Strategy and Architecture  
HSBC

14:50 Break Time and Networking Session

15:30 Cloud Strategy in Regulated Financial Environments

- Implementing hybrid and multi cloud models compliant with regulatory frameworks and data residency requirements
- Mitigating operational, contractual, and technical risks associated with cloud transitions
- Designing cloud governance models that balance flexibility, cost control, and oversight
- Exploring case studies on legacy system modernization through secure cloud adoption

TBC  
Mohamed Hisham  
Head of Cyber Security Assurance  
ADCB-Egypt, Egypt

16:10 Blockchain and Distributed Ledger Integration into Enterprise Systems

- Architecting for the secure integration of blockchain and DLT into core banking systems
- Understanding use cases such as digital identity, smart contracts, and payment clearing
- Ensuring compliance, privacy, and security in decentralized ledger environments
- Assessing the architectural impact of tokenization and real-time settlement models

Mozes Rahangmetan  
Enterprise Architect ABN AMRO Chief Architect & Data Management  
ABN Amro, Netherlands

16:50 Panel Discussion : The Future Role of the Enterprise Architect in the Digital Financial Ecosystem

- Examining the evolving responsibilities of architects in the age of cloud, AI, blockchain, and platform banking
- Defining the skills and mindset needed for architecture teams to remain strategically relevant.
- Discussing the intersection of enterprise architecture with innovation, governance, and business strategy.
- Sharing leadership insights on building high-impact architecture practices in fast-changing environments.

Invitation to:

17:30 Closing Words-, End Of Day 1

# DAY 2

FRIDAY 28TH NOVEMBER

## Enterprise Architecture Conference 2025

Amsterdam/Netherlands

08:55 Conference Re-Start

09:00 Microservices Architecture for Scalable and Modular Financial Systems

- Designing modular systems that support independent service deployment and agile development
- Integrating microservices with legacy core systems and critical banking platforms
- Managing complexity in distributed systems through orchestration and service lifecycle governance
- Addressing challenges of data consistency and operational monitoring at scale

**Senthil Loganathan**  
Global Head, Cloud Platform & Chief Architect  
Standard Chartered, Singapore

9:40 Agile and DevOps in Enterprise Architecture Practice

- Embedding agile delivery principles within architectural governance structures
- Facilitating collaboration across architecture, development, and operations teams
- Enabling faster time-to-value through continuous integration and delivery models
- Aligning architecture processes with iterative planning and adaptive execution cycles

**TBC**  
**Bahaa Farouk**  
Chief Digital & AI Officer  
Suez Canal Bank, Egypt

10:20 Break Time and Networking Session

11:00 Data Governance and Architecture for Regulatory and Strategic Alignment

- Architecting enterprise-wide data governance frameworks for compliance and decision support
- Establishing transparency through metadata management, lineage, and audit capabilities
- Integrating real-time analytics and data quality controls into architecture strategies
- Aligning data governance with enterprise objectives and risk management practices

**Murat Erder**  
Head of Business Architecture Framework  
Deutsche Bank, UK

11:40 API-Driven Open Banking and Ecosystem Integration

- Architecting scalable API ecosystems to support open banking and embedded finance models
- Managing API lifecycle and governance to ensure performance and regulatory compliance
- Managing API lifecycle and governance to ensure performance and regulatory compliance
- Enabling agile partnerships while maintaining data integrity and customer trust

**Chintan Dedhia**  
Solutions Architect  
Rabobank, Netherlands

12:20 Lunch Break

13:30 Architecture for Enhanced Customer Experience in Digital Banking

- Creating architectures that support personalized, omnichannel customer journeys
- Integrating behavioral data, CRM systems, and AI to tailor digital experiences
- Supporting real-time responsiveness and user-centric service delivery at scale
- Ensuring consistent customer experience across legacy and modern platforms

**Giacomo Agnelli**  
Customer Journey Specialist  
Société Générale, France

14:10 Implementing Data Mesh, Data Governance and Data Lineage as well as Data Quality

**Pheline Binz**  
Director Enterprise Architecture  
Aareal Bank AG, Germany

14:50 Break Time and Networking Session

15:30 Panel Discussion Navigating Regulatory Complexity Through Architecture Leadership

- Exploring how enterprise architects are addressing increasing regulatory pressure while enabling innovation.
- Sharing cross-functional practices that align architecture decisions with compliance, legal, and operational objectives.
- Highlighting leadership roles in anticipating regulatory shifts and building adaptive frameworks.
- Facilitating collaboration between architecture, risk, and compliance units to support long-term resilience.

**Vijay Chowdhury**  
Lead Enterprise Architect  
Bank of England, UK

16:15 Closing words, end of the day 2

# REGISTRATION FORM

Package Benefits	Delegate Pass	Online Pass	Speaker Pass
2-Days Summit + Workshop	✓	✓	✓
Interactive Focus Sessions	✓	✓	✓
Discussions with Industry Experts and Peers	✓	✓	✓
Post-Conference Documentation Package	✓	✓	✓
Delegate List	✓	✓	✓
APP Live Q&A Sessions	✓	✓	✓
Complimentary Networking lunch	✓	✗	✓
Virtual Networking Opportunities	✓	✓	✓
Access to the Entire Event from the Comfort of your Home	✗	✓	✓
Possibility to Share Branded Materials with the Audience	✗	✗	✓
30 minutes speaking opportunity	✗	✗	
SUMMIT PACKAGE FEES	1990€	999€	2990€

## TERMS & CONDITIONS

By sending this form, I confirm that I have read and accepted the terms and conditions detailed below.

### Confirmation

We will confirm your participation after receiving signed registration form. All discounts can only be applied at the time of registration and discounts cannot be combined. Discounts for group registrations are only valid for the number of delegates specified on your booking form. Prices for each event are correct at the time of publication. Zenith Group reserves the right to change the prices at any time but changes will not affect registrations which have already been confirmed by Zenith Group.

### Cancellation policy

You may substitute delegates at any time by providing reasonable advance notice to Zenith Group. All cancellations received 60 business days or more before the event is held, this cancellation is subject to a registration fee up to 50% the value of the ticket per delegate. In case of canceling the registration later than 60 business days before the event is held, the paid amount cannot be refunded and the amount remains payable in full. In the event that Zenith Group cancels or postpones an event for any reason whatsoever, including but not limited to any force majeure occurrence, you will receive a credit for 100% of the contract fee paid. No refunds, partial refunds or alternative offers will be made and all pending amounts remain payable in case such situation. Zenith Group is not responsible for any loss or damage as a result of a substitution, alteration or cancellation/postponement of an event. Zenith Group shall assume no liability whatsoever in the event this conference is cancelled, rescheduled or postponed due to a fortuitous event, Act of God, unforeseen occurrence or any other event that renders performance of this conference impracticable, illegal or impossible. For purposes of this clause, a fortuitous event shall include, but not be limited to: war, fire, pandemics, labor strike, extreme weather or other emergency. Please note that while speakers and topics were confirmed at the time of publishing, circumstances beyond the control of the organizers may necessitate substitutions, alterations or cancellations of the speakers and/or topics

### Copyright

All Intellectual Property rights in all materials produced or distributed by Zenith Group in connection with this event are expressly reserved and any unauthorized duplication, publication or distribution is prohibited.
